

MEMORANDUM FOR THE RECORD

12 June 1959

SUBJECT: Classification of ORR Contribution to NIE 13-59.

25X1X7 The ORR contribution to the NIE 13-59 Communist China Through 1963, CIA/RR IP-59-15 (ORR Project 10.1803), 28 May 1959, bears on its title page the classification S/NOFORN/CONT CONTROL because it is a contribution to a national intelligence estimate which is still in the gestation stage. There is no material in any part of the text that can be traced to a highly sensitive (above SECRET) document or source, because the analysis and conclusions are based upon aggregate figures that have drowned out individual figures. There are no "NOFORN/CONTINUED CONTROL" sources used. There are no sections in this report which could not readily be shown [REDACTED]; provided the material is not presented as an official coordinated position.
